Moving on...

Q35 I'm going to read some different proposals that could be considered by the president and Congress. For each one please tell me if you think this proposal is a good idea, a bad idea, or do you not know enough about it to have an opinion. (RANDOMIZE)

Now, thinking some more about the proposal to extend the cut in the payroll tax until the end of this year...

Q36a Which of the following statements do you agree with more? (ROTATE)

SUPPORTERS of this proposal say it means workers could pay almost one thousand dollars (\$1000) less in taxes this year, meaning it could help improve the economy by giving people more money to spend

OPPONENTS of this proposal say it means the taxes will not be put in the Social Security trust fund and the government will have to spend over one hundred billion dollars to cover the shortfall this year*

Now, thinking some more about unemployment benefits...

Q36b The maximum length of time one can collect unemployment benefits has recently been increased from twenty-six (26) weeks to ninety-nine (99) weeks. Which of the following statements do you agree with more? (ROTATE)

SUPPORTERS say we should continue to provide this benefit for this long because when unemployment is so high and jobs are so hard to find unemployed workers need more help.

OPPONENTS say we should NOT continue to provide this benefit for this long because it increases government spending and providing unemployment benefits for almost two years reduces the incentive for people to find jobs.**
