16. I'm going to read you the names of some industries and companies. For each one, I'd like to know how high a priority you think it should be for economic relief assistance from the federal government. Please use a scale from zero to ten. A ten means that company or industry should be a top priority for economic relief assistance from the government, and a zero means it should not be a priority at all. You may use any number from zero to ten for each item. And please remember that not every one of them can be a top priority.
