PUBLIC OPINION STRATEGIES PLAYS KEY ROLE IN REPUBLICAN SENATE TAKEOVER

The survey research firm of Public Opinion Strategies (POS) polled for efforts supporting all four of the candidates who took away Democratic Senate seats in races that were either called on Election Night, or that are extremely likely to be called today.

Public Opinion Strategies was an integral part of the McCormick for Senate campaign from day one and we are thrilled to have played a part in helping Dave McCormick defeat long-term incumbent Bob Casey and bring change to Pennsylvania.

POS was also involved in independent expenditure efforts that helped Bernie Moreno defeat Sherrod Brown in Ohio, Tim Sheehy knock off Jon Tester in Montana, and Jim Justice win in West Virginia. We remain hopeful that there will be more Republican Senate flips in races that are currently too close to call.

We are also proud to have worked on behalf of independent expenditure efforts to help elect New Hampshire Gov-Elect Kelly Ayotte in the biggest Governor race in the country despite Kamala Harris winning the state.

Major statewide winners include:

- Worked on behalf of the Dave McCormick campaign to defeat Bob Casey in the pivotal Pennsylvania Senate race.
- Assisted the NRSC IE to defeat Sherrod Brown and elect Bernie Moreno.
- Helped the Senate Leadership Fund flip West Virginia and elect Jim Justice.
- Assisted efforts in Montana to defeat Jon Tester and elect Tim Sheehy.
- Re-elected Senator Roger Wicker of Mississippi.
- Assisted efforts to re-elect Senator Kevin Cramer of North Dakota.
- Worked on behalf of RGA's efforts to elect Kelly Ayotte of New Hampshire in the biggest Governor race in the country.
- Re-elected Governor Phil Scott of Vermont, winning a state Kamala Harris carried by a 32-point margin.
- Worked on behalf of independent expenditure efforts to elect Kelly Armstrong as Governor of North Dakota.
- Re-elected Attorney General Andrew Bailey of Missouri.

In addition to our statewide work, Public Opinion Strategies currently has helped elect three new Members of Congress with even more leading at press time. Additionally, we have eleven incumbents in battleground districts and several Republicans poised to flip Democratic seats that have either won or are leading at press time.

New Members of Congress include:

- Congressman-Elect Tim Moore (NC-14)
- Congressman-Elect Craig Goldman (TX-12)
- Congressman-Elect Jefferson Shreve (IN-06)

Our firm will wait to release the list of all our wins when most of these races are called.

The firm also polled for winning legislative campaigns in five states: Arizona, California, Missouri, Kentucky, and Wisconsin. Our work helped maintain a majority in the Missouri State House and a supermajority in the Kentucky State House.

Additionally, our firm successfully defended the Republican majority in the Wisconsin Assembly despite an unfavorable mid-cycle redraw and a wave of Democratic cash that attempted to flip it.

The firm also conducted the opinion research which guided successful ballot issues in six states: Arizona, Florida, Missouri, Oregon, South Dakota, and Washington.
